Southeastern U.S. Chapter Report  
Forest Fire Lookout Association  
2013  
January 07, 2014  

Membership: 20  

Carry forward: $180.06  

Accomplished in 2013:  
- Chapter comprised of members in 7 states that do not yet have an FFLA Chapter. Many of these people do serve as the appointed FFLA State Representative until such time as a chapter is organized (needs at least 10 FFLA members).  
- Attended the combined Eastern/Southern summer meeting in Beckley, WV in June, and the Western FFLA meeting in Mayhill, NM in September.  
- Continued to work with the State Representatives of those states without a chapter to generate additional FFLA members. Focus is on FFLA activities that will attract media and public attention, with an interest in becoming an FFLA member.  

Goals for 2014:  
- Serve as support resource for the State Representatives.  
- Continue the long range goal to retire the S.E. Chapter by getting an FFLA chapter organized in every state, or a combination of states
